

WEBER COUNTY PROVES DIVERSITY OF ITS FOOD PRODUCTS

Several Ogden citizens today have a better idea of the diversity of Weber county's industries by reason of the "Made in Ogden" dinner served by the women of the First Presbyterian church at the church edifice last evening.

The dinner was served in connection with Western Consumers' week. It was not contended that this was the first home products dinner served here. No such claim was made. But it was emphasized that Ogden is about the only city in the western states which can serve a dinner without going outside its borders for the articles upon the menu.

For last night's dinner there was Weber county roast lamb, furnished by the Commercial National bank. Weber county peas from the Utah Packing corporation, and Van Allen canners, cherries, apricots and jam from the Craig canneries, honey from the Superior Honey company, baked ham from the Ogden Packing & Provision company, Weber county potatoes, pickles from Goddards, hot biscuits from Holley flour, butter from the Mutual Creamery and Economy. Butter shop, ice cream from the Banner Ice Cream company, lady fingers from the Ogden Baking company, home made cakes prepared by the women of the church, coffee roasted by Murphy Wholesale Grocery company, sugar from the Amalgamated Sugar company and candy from Shupe-Williams, and the W. F. Jensen Candy company. Caps and aprons worn by those who prepared and served the good things were covered by labels of local manufacturers.

Everyone should take a cleansing, purifying laxative. Remedy, this month, Hollister's Rocky Mountain Tea is a great Spring Cleanser—floods McIntyre Drug Co.—Advertisement.

Presidents to Lay Cornerstone at Line

GUAYAQUIL, Ecuador, April 1.—President Alfredo Baquerizo Moreno today started for the border between Ecuador and Colombia to meet President Marco Suarez, of Colombia. Together they will lay the cornerstone of a monument to commemorate the signing of the treaty in July last defining the exact boundaries between the two countries.

The fact that the Chilean minister is accompanying the presidential party to be president at the ceremony is considered as giving added political significance to the event as one of historical importance to South America.

Jugo-Slavs and Hungary Sign an Agreement

PARIS, April 1.—An agreement, advice from Belgrade says, has just been signed by the Jugo-Slav and Hungarian governments under which Hungary undertakes to deliver a large number of railway cars and locomotives. It returns Jugo-Slavia will supply Hungary with 20,000 hogs, 70,000 carloads of bacon and 500 carloads of maize and wheat.

FATE OF ROCK ISLAND ARSENAL UNKNOWN

DAVENPORT, Ia., April 2.—Post-war problems involving the future of the Rock Island arsenal brought Secretary of War Newton D. Baker to the tri-city yesterday on an official inspection of the government plant and its facilities.

The secretary will decide whether or not the present force of 9,000 odd workmen shall be retained after July 1, or reduced to a peace time strength.

CORN CROP IN DANGER.

LINCOLN, Neb., April 2.—If the railroads do not furnish cars immediately, much of last year's Nebraska corn crop will spoil, according to representations made today by elevator interests and farmers to the state railway commission.

MOTHER!

"California Syrup of Figs"
Child's Best Laxative

Accept "California" Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless physic for the little stomach, liver and bowels. Children love its fruit taste. Full directions on each bottle. You must say "California."

IN STUDENT COURT

LUCILLE SIEBER

EVANSVILLE, Ind. — "Police" power among upper classmen in Central High School is in the hands of Lucille Sieber and nine other students. Five boys and five girls form a student court to enforce discipline, a radical departure in school government originated by Principal John O. Chewing.

"THE WOMAN GAME" AT THE "OGDEN" MISS HAMMERSTEIN'S BEST

After witnessing Elaine Hammerstein's performance in "The Woman Game" at the Ogden theater yesterday one feels bound to pay tribute to Seizure's judgment in selecting stars. If there is one young woman among the hundreds of aspiring actresses for stardom, who is deserving of the title of star, that name is Elaine Hammerstein. What impresses the discerning observer of Miss Hammerstein's work is the fact that she never overacts, but goes about each particular scene as if it was the one thing in the world she was used to doing.

As for the production, "The Woman Game" is a picture of the kind that intelligent patrons of the screen art often long for but seldom see. The story advances the theory that a woman is entitled to pursue the same tactics in her business—matrimony—as a man is in his.

The photoplay, lighting and settings also deserve much praise.

OUT-OF-DATE MAN.

"Dogs are man's best friends, you know," remarked the plitudinous person. "Perhaps they are," answered Mr. Grumpson. "I like a regular dog well enough, but it always makes me mind to hear a poodle yapping in a home where nature intended there should be a squalling baby."—Birmingham Age-Herald.

TERRIBLE CHARGES MADE BY DAUGHTER

Girl Branded, Scalded, Stuck
With Pins and Has Teeth
Pulled, Police Say

NEW YORK, April 2.—Charged with cruel and inhuman treatment of his 17-year-old daughter, Minnie, John Galland, known on the stage as Galland, a clay sculptor, was arraigned in a Brooklyn court today and held in \$2500 bail for a hearing later. Nearly 100 scars were found on the girl's body. District Attorney Lewis said.

Affidavits filed with the court alleged she had been branded with hot irons, scalded, stuck with ice picks, hat pins and darning needles, and that some of her teeth had been broken and then pulled out with pliers.

IF I WERE TO PICK A PLACE TO LIVE AND—

Speaking of drinks and towns, my friend—
Well I recall old Medicine Bend—
And once I waved a girl goodbye
From a New York town by the name
of Rye.
And you can catch an interurban
From Chicago, Illinois, to Bourbon.
Why—I've even designed to drive a
silver
Down through Kentucky to Green
River.
Then back to Illinois by train.
To a little village called Champaign.
And a real dry man would break a leg
To scour Kentucky for Brandy Keg.
But there's one place I'd like to court
Down in Oklahoma—Port.
And the town where everybody's merry.
Is a Texas town called Sherry.
And while West Virginia's the place
to dine
In a little town called Brandwine
You only have yourself to thank
If you haven't spent a day in Tank.

The earthquake in Mexico is worthy
of a Nobel peace prize at least temporarily.

BASEBALL SEASON TO OPEN TUESDAY

Salt Lake Bees on Way Home
From Coast to Play
Initial Games

Salt Lake Bees are homeward bound and are ready for the opening of the season Tuesday. All players are reported to be in good condition and are ready for the opening of the season. Reports indicate that Second Baseman Marty Krug will join the team and will appear on the lineup Tuesday.

With Krug in uniform, it looks now that only two new faces will appear in the Bee lineup Tuesday. The Duke of Relley will preside in left field in the place of Mulvey, and Joe Jenkins will supplant Spencer behind the bat. The choice to hurl the initial game will probably fall to Leverenz, Baum or Stroud, all veterans.

Skipper Johnson will have his players off at way stations for short workouts. The Bee special should reach Salt Lake Saturday morning. Concrete evidence that baseball is to attain its greatest popularity this season has commenced to stack up. For instance, more search boxes have already been sold, according to Business Manager Cook of the Bees, than during any season since the advent of Salt Lake in Coast League circles. And to demonstrate that the excitement is 100 per cent pure, Mr. Cook submits the following list of season box holders, with the remark that every proprietor of a season box last year is doing an encore: W. J. Halloran, George F. Wasson, L. D. Freed, T. J. O'Brien, J. T. Keith, Lawrence Green, R. N. Byrne, E. L. Howard, G. A. Steiner, R. C. Gummoll, Mrs. W. H. Fern, Mrs. George S. Lawrence, W. T. Benson, George O. Relf, N. M. Ham, Ron, S. K. Kelleck, R. L. Tracy, J. W. Collins, J. E. Gallisher, R. H. Winder, J. B. Kerr, J. W. Rookledge, Frank J. Custin, E. I. Goshen, S. D. Evans, J. R. Davis, S. C. Scherrill, F. M. Cameron, E. J. Glendinning, Dr. W. D. Donohoe.

Don't Poison Baby.

FORTY YEARS AGO almost every mother thought her child must have PAREGORIC or laudanum to make it sleep. These drugs will produce sleep, and a FEW DROPS TOO MANY will produce the SLEEP FROM WHICH THERE IS NO WAKING. Many are the children who have been killed or whose health has been ruined for life by paregoric, laudanum and morphine, each of which is a narcotic product of opium. Druggists are prohibited from selling either of the narcotics named to children at all, or to anybody without labeling them "poison." The definition of "narcotic" is: "A medicine which relieves pain and produces sleep, but which in poisonous doses produces stupor, coma, convulsions and death." The taste and smell of medicines containing opium are disguised, and sold under the names of "Drops," "Cordials," "Soothing Syrup," etc. You should not permit any medicine to be given to your children without your or your physician's knowledge of what it is composed. CASTORIA DOES NOT CONTAIN NARCOTICS, if it bears the signature of Chas. H. Fletcher.

Genuine Castoria always bears the signature of *Chas. H. Fletcher*

Trial of Searles Family Is Begun

DEADWOOD, S. D., April 2.—Testimony regarding the money owned by the defendants was introduced in the trial of Mr. and Mrs. George Searles, charged with the murder of Mrs. Searles' mother, Mrs. Hilda Neamy, whose body was found in the furnace of the Neamy home at Lead, December 7 last.

A statement of the defendants, issued prior to their arrest, was introduced, in which it was admitted that Mrs. Neamy had given her daughter \$2,000, and that Mrs. Searles had "planted" the money in the basement of the house after detectives had "hounded" her in their search for the

Wants Tents Loaned to Relieve House Situation

WASHINGTON, April 2.—A resolution asking the war department to loan tents to cities during the summer to help relieve the housing situation was introduced today by Representative Emerson, Republican, Ohio.

money which it was reported Mrs. Neamy possessed.

The state expects to complete its presentation of direct evidence tomorrow.

An inventor has designed a periscope for locomotives to enable an engineer to watch his train for signals and the track for some distance to the rear.
